Our goal is to deliver an exceptional epicurean experience. An important component of that experience is the sourcing of our product. Our chefs partner with local farms and distributors, such as, Mary's Organic Chicken, Brandt Farms, and Scarborough Farms, to gather the freshest seasonal products possible. In many cases, these farmers use sustainable practices in the growing and harvesting of their goods. We are also proud to participate in the Monterey Bay Aquarium *Seafood Watch* program for our seafood selections. We hope this gives you the confidence in our commitment to provide you with the most local and sustainable ingredients possible.

Bon Appetit!
